

Fuori 7

17th of December 2016 – 16th of January 2017
Opening: Saturday 17th of December 2016, 7:00 pm-10:00 pm
Finissage and catalogue presentation: Monday 16th of January 2017

Saturday 17th of December 2016 at 7:00 pm **Galleria Gallerati** will present the group exhibition **Fuori 7**. A project by **Carlo Gallerati**, promoted by **06**, a collective of Roman photographers, and curated by **Serena Silvestrini**.

“Galleria Gallerti celebrates the end of 2016 with the opening of the group exhibition *Fuori*. Carlo entrusted me with this edition, the seventh, after a five years long collaboration. I enthusiastically took the job, proud for the vote of confidence. Right from the start my goal as curator of *Fuori 7* has been to add artists from other countries to the original 06 group and to those artists who recently had a solo exhibition in the gallery. The four artists who accepted our invitation are Ellie Davies, UK, Juliane Eirich, Germany, Iris Hutegger, Switzerland, Karine Maussière, France. Some of these collaborations began during fairs (in particular MIA photo fair in Milan). These exhibitions have been a building block for the success of the gallery, a perfect setting to start relationships of mutual respect with gallerists, authors and collectors that have greatly contributed to the growth of the gallery.” (Serena Silvestrini)

“On December 16th of 2006, a group of Roman photographers took the name *06* and appeared in a group exhibition named *Fuori*. On the same date and occasion the Galleria Gallerati was born. December 16th of 2016 is the tenth anniversary of those three adventures; 06, Fuori, Galleria Gallerati. *Fuori 7* is not a celebration of the anniversary: it's just the seventh edition of the exhibition but the fact that it occurs on the same day gives us chance to remember. As usual we have ten 06 authors and ten from Fuori. As for the Gallery, it has my name but I almost get emotional thinking about all the people it could have been named after. Those who has always been by my side, or for a short time, or even just for a moment.” (Carlo Gallerati)
